LEAGUE AVERAGES

- 10) Please submit both A and B below if applicable:
 - (A) Current highest USBC certified league average based on a minimum of 21 games as of June 30, 2022. This includes games bowled on that date. If competing in more than one league, the bowler must submit the HIGHEST average of all leagues bowled.
 - (B) Highest 2020-2021 book average from USBC certified Fall/Winter league with a minimum of 21 games.
 - i. Due to Covid affecting leagues and bowlers for the 2020 – 2021 season, any bowler who did not bowl for that season will use their 2019 – 2020 league ending average with 21 games or more for the purpose of rerating.
 - (C) If neither A nor B applies, an average of 250 will be assigned. (Rule 319b)
 - (D) The above averages must be verified by one or more of the following methods:
 - i. Using a league standing sheet, signed and dated by a league officer or a letter from the league President or Secretary.
 - ii. It will also be acceptable to submit bowler abstracts from bowl.com and/or provide league numbers/standing sheets from bowl.com or leaguesecretary.com, or a league's official website.
 - iii. If a bowler's league is not sanctioned, or not posted on the two websites above or a league's official website, or the bowler has chosen not to allow public access to their bowl.com profile, all average paperwork including any tournament results must be received by the tournament secretary within one week after application is received or by the September 8th deadline (whichever comes first), or the application is subject to rejection or the assignment of an average of 250.

iv. It is the bowler's responsibility to provide accurate and complete average information. The tournament will do due diligence on each submitted average, but it is not our responsibility to do exhaustive research if the bowler does not provide the information that is required.

v. If a bowler purposely provides false or misleading information to secure a lower average for the tournament, the application will be rejected, and that person will not be permitted to bowl in Gotham 2020 or any future Gotham tournaments.

(E) Averages from Sport Condition leagues are currently not acceptable.

11) If a bowler's reported June 30, 2022, league average (Rule 10A) is 10 or more pins less than his/her final 2020-2021 Fall/Winter league average (Rule 10b) or his/her 2019-2020 final average as explained in Rule 10 above, a 50% re-rate will be applied (10 pin drop rule).

Tournament Averages/Re-rate procedures

It is the bowler's responsibility to report tournament averages as listed below. These rules apply to all bowlers. Any bowler who is re-rated will be notified via confirmation email to be sent approximately one week prior to the start of the tournament. Any re-rated bowler is entitled to withdraw from the tournament and receive a full refund of tournament entry fees if he/she chooses. The bowler must withdraw before his/her first scheduled event.

12) If any bowler has bowled any tournament games between September 25, 2021, and September 23, 2022, the bowler must report his/her scores for all tournament games bowled (sanctioned or not, IGBO or not, including all Scratch Masters games).

A) If the tournament average (with 18 games bowled or more) is 1 or more pins higher than the verified league average, the tournament average will be used for handicapping purposes.

B) If the tournament average (with 9 to 17 games bowled) is 1 or more pins higher than the league average, a 50% re-rate will be applied.

C) No re-rate will be applied for bowlers with less than 9 tournament games bowled.

D) Any bowler whose entering average is re-rated based upon rule 11 and whose tournament average meets any of the conditions listed under rule 12, may be subject to an additional re-rate.

E) The tournament directors may re-rate any bowler who falls under a USBC rule not listed here. It is the individual bowler's responsibility to know all the USBC re-rate rules for tournament play.

13) USBC rules regarding the bowler's responsibility to verify the accuracy of his/her submitted average, whether submitted by the bowler, team captain or other, apply to all bowlers.

14) Failure to report proper averages at the time of application or at the tournament registration period will disqualify the bowler if the submitted average is lower than the actual average as determined by rules 10 through 12, thereby resulting in a lower classification or more handicap. Winnings will be based on the submitted average if it is higher than the correct average. (USBC Rule 319A, item 3)

15) The tournament management reserves the right to re-rate any entrant prior to bowling for reasons other than those set forth in rules 11 and 12.

- 16) Substitutes meeting USBC requirements and GO2022 tournament rules may bowl at the discretion of the tournament's executive committee.
- 17) Bowlers will be given ten (10) minutes of practice before each event.
- 18) Late bowlers will begin bowling in the frame in which they are ready with prior frames scored a zero (0). It is the bowler's responsibility to be at the lanes when bowling begins.
- 19) No substitutions in the doubles or team event lineup can be made after a series has started without sufficient cause at the discretion of the tournament management. Changes to doubles pairings must be made before the completion of the tournament registration period.
- 20) All prize monies will be paid out within 30 days after the completion of the tournament. A tie in any position will result in an equal division of the prizes.
- 21) Results will be posted to the tournament website within 30 days of the completion of the tournament. All financials and scores will be reported as necessary to IGBO, USBC and any other governing body.
- 22) After a score has been recorded, it cannot be changed unless there has been an obvious error in scoring or calculation. Obvious errors must be corrected by a tournament official immediately upon discovery. Questionable errors must be reported to a tournament official within two (2) hours of the error, and the appropriate action will be decided by tournament management. (USBC rule 328)
- 23) A protest or appeal involving eligibility or playing rules must be filed with the tournament management, the local association or USBC before tournament prizes are paid. The protest or appeal must be in writing and the grounds for the protest or appeal briefly stated. An appeal regarding the decision of the tournament management or local association may be made to USBC. The decision of USBC is final and binding on all parties involved. Prizes for the positions affected cannot be distributed until the protest or appeal is resolved. (USBC rule 329)
- 24) All average verification documents, both league and tournament, should be emailed to DCFrat@aol.com for secretarial purposes. They should be received by tournament secretary no later than the September 15th entry close date.
- 25) All other USBC rules apply.
